Work Experience

Freelancer at Fiverr - Freelance Services Marketplace
- Level 2 seller with expertise in animation, video editing, and WordPress websites.
- Successfully completed and delivered over 60 projects.
- Web Developer & Digital Artist

Skills

C, Java, HTML, CSS, JavaScript, Web Development, Android Development, WordPress, Bootstrap, SQL, Digital Marketing, Graphic Design

Projects

chatGhost - Chat Web App
- Developed chatGhost, a secure peer-to-peer anonymous chat web app that allows users to join a chat room, send messages, and receive messages from other participants in real-time.
- It doesn't keep any chat logs, ensuring that your conversations remain private and anonymous.
- Utilized JavaScript, HTML, CSS, Node.js, Express.js, and Socket.IO to create real-time chat functionality.

Personal Portfolio Website
- Designed and developed a personal portfolio website using HTML, CSS, and JavaScript.
- The website features a clean, modern and responsive design with a user-friendly interface that showcases my skills, experience, and projects.

Music Player Android App
- Developed a music player android app using Java and Android Studio.
- The music player app features an intuitive user interface with various playback options and basic functionalities.

Chrome Extensions
- Developed a chrome extension that plays relaxing music. Implemented the extension using HTML, CSS, and JavaScript to enable users to easily play and pause the music with a click of a button.
- Developed a Chrome Extension that generates secure and user-friendly passwords utilizing HTML, CSS, and JavaScript. Implemented customizable password lengths, character sets, and clipboard functionality.

Areas of Interests

Web3, Digital Arts, Crypto, NFTs, Artificial Intelligence
